

**COVID-19
COMMUNITY
GROUPS
DIRECTORY**

updated 10 December 2020

Wiltshire Council

INTRODUCTION

The communities of Wiltshire have risen to the challenge of COVID-19 to make sure people are supported through this very difficult time. The council has collated all the community groups we have identified so far so that those who need support for themselves or a loved one can make direct contact. In the time available we have only been able to collate this directory and therefore this is not an endorsement of the groups listed but it is for you to decide what use you will make of the offers of support at this time.

If anyone uses a community group and has concerns about the response/practice please inform us by emailing areboards@wiltshire.gov.uk giving the clear reasons for your concern.

The council wants to ensure that everybody can access the support they need. If you make contact with a group and they cannot help or you do not get a response within the required timeframe, then please do not hesitate to contact the council by emailing areboards@wiltshire.gov.uk and we will ensure you get the support you need.

FOOD BANKS

At this difficult time, food banks are in need of more volunteers and donations. If you are able to help in any way please get in touch with your local food bank. Food banks are there to support vulnerable people in a crisis, which is usually subject to a referral from a trusted source such as a social worker.

[Click here for food banks currently operating in Wiltshire](#)
